## **Bargaining demands exchanged with TB**

This round of Treasury Board bargaining began in the summer of 2006, with a call to Local/Branch members for bargaining input. A comprehensive Program of Demands package was sent to all Local/Branch Executives. The bargaining input you forwarded to your Component was reviewed by bargaining unit. That input was reduced to wage demands and 30 non-wage proposals and sent to the union's national bargaining conference held in February. At this conference, members elected negotiating team members and debated and decided upon the bargaining proposals that would be presented to the employer.

The demands for each of the Treasury Board bargaining units are a result of broad-based input and debate by members of these bargaining units and we thank you for your participation in the process.

Check the PSAC web site – [www.psac-afpc.com](http://www.psac-afpc.com) to see the complete package of demands for the following Treasury Board bargaining units:

Program and Administrative Services (PA)  
Operational Services (SV)  
Technical Services (TC)  
Education and Library Science (EB)  
Frontière/Border Services (FB)

### **Now we negotiate**

The first meetings with the employer will take place on May 14 and 15 for the PA and SV units and on May 17 and 18 for the TC, EB and FB units. At these meetings, the union and employer negotiating teams will review and explain demands and answer any questions about them.

Negotiations will start in earnest at the next set of meetings. The PA and SV teams will meet with the employer from June 5 to 8, the TC, EB and FB teams from June 12-15.
