Mrs. Rona Ambrose
Labour Minister

Dear Mrs. Ambrose,

This letter is a follow-up to the note I sent you yesterday during the question period concerning the need to settle without further delay the labour dispute that is presently happening at the Canadian Museum of Civilization in Gatineau and at the Canadian War Museum in Ottawa.

Your mediation team has been creative in the CN conflict. It must now do the same in this new conflict at the museums.

I am available to supply you with any additional information you may need.

With regards,

Luc Desnoyers
